INSIDE BRAINY

THE PEOPLE, STORIES, AND ACHIEVEMENTS BEHIND OUR COMMUNITY.

Behind every Brainy classroom, there are students discovering their abilities, teachers inspiring progress, centers and schools creating meaningful learning experiences.

Inside Brainy, we celebrate the schools and centers that bring Brainy Kids and Brainy Robots to life.
From student achievements and creative classroom activities to inspiring teachers and school news, we share the moments that make our community special.

Because every achievement has a story, every teacher makes a difference, and every child deserves to have their progress celebrated.

MENTAL MATHEMATICS

From the soroban to mental calculation, children develop numerical fluency through structured practice and progressive learning.
The focus: calculation, visualization, memory, and concentration.

ROBOTICS & CODING

Children explore robotics and coding by building, programming, testing, and improving their solutions to practical challenges.
The focus: coding logic, engineering, experimentation, and problem-solving.

BRAINY
OPENING EDITORIAL

Exploring the impact of Brainy Kids and Brainy Robots on education, highlighting their contribution to students' development, skill-building, and learning experiences.

THE DIRECTOR OF AL WADIH CENTER FOR PRIVATE EDUCATION

حين نمنح الأطفال بيئة تعليمية تحترم عقولهم، ونؤمن بأن عقولهم شموعًا تضاء، فإننا لا نعلّمهم فحسب، بل نطلق طاقاتهم الكامنة

في مركز الوديع، لم تكن رحلتنا مع برنامجي BRAINY KIDS و BRAINY ROBOTS مجرد إضافة منهجية عادية، بل كانت محطة تحول حقيقية في طريقة تفكير أطفالنا وتفاعلهم مع العالم من حولهم

لقد صُممت الحصص لدينا لتكون مساحات ممتعة ومليئة بالحيوية، بعيداً تماماً عن أساليب التلقين التقليدية؛ فالطفل هنا لا يحفظ المعلومة، بل يكتشفها بنفسه

من خلال برنامج BRAINY KIDS يتدرب الصغار على تنشيط الذاكرة وسرعة البديهة ، بأسلوب تفاعلي مشوق.

ومع الانتقال إلى BRAINY ROBOTS تتحول الأفكار المجردة إلى مشاريع روبوتات ملموسة تنمي التفكير المنطقي ومهارات العمل الجماعي وحل المشكلات

هذا التناغم الفريد بين البرنامجين منح أطفالنا توازناً رائعاً بين سرعة المعالجة الذهنية والقدرة على التطبيق العملي، مما انعكس إيجاباً على ثقتهم بأنفسهم وشغفهم المستمر بالتعلم

BRAINY CONFERENCE

LANCASTER TAMAR - HAZMIEH

The first Brainy Marketing Conference brought together Brainy CEO Mr. Mhamad Sweid and directors of centers implementing Brainy Kids and Brainy Robots to discuss marketing strategies, review promotional initiatives, and present new approaches to strengthening the programs' visibility and reach.

BRAINY CONFERENCE

LE ROYAL - DBAYEH

The **second Marketing Conference** brought together center directors and Brainy CEO **Mr. Mhamad Sweid** to discuss digital marketing, social media strategies, and effective ways to promote Brainy programs, attract new students, and strengthen their presence in local communities.

BRAINY NEW CONTRACT

Brainy is signing new partnerships that bring mental math education to more classrooms.

Brainy Academy for Human Development has signed a new contract with Asaad Abboud Foundation, managed by the Antonine Sisters and represented by its Director, Sister Nada Al-Kazzi.
Through this agreement, the Brainy Mental Math Program will be implemented, bringing a new learning experience designed to strengthen students' mental calculation skills, concentration, and confidence.

Another step forward in expanding Brainy's educational partnerships.

BRAINY NEW CONTRACT

Brainy is signing new partnerships that bring mental math and robotics education to more classrooms.

Brainy Academy for Human Development, represented by its CEO, **Mr. Mohammad Sweid**, has signed a new partnership agreement with **Duo Academy**, located in Beqaata, Chouf, and managed by **Ms. Sarah Abou Kroum** and **Ms. Doha Azzam**. Under this agreement, **Duo Academy will adopt both Brainy Kids (Mental Math) and Brainy Robots (STEAM & Robotics)** programs, bringing innovative educational experiences that develop students' mathematical abilities, problem-solving skills, creativity, and technological knowledge.
